COMBATING CHILD LABOR
& PROMOTING EDUCATION

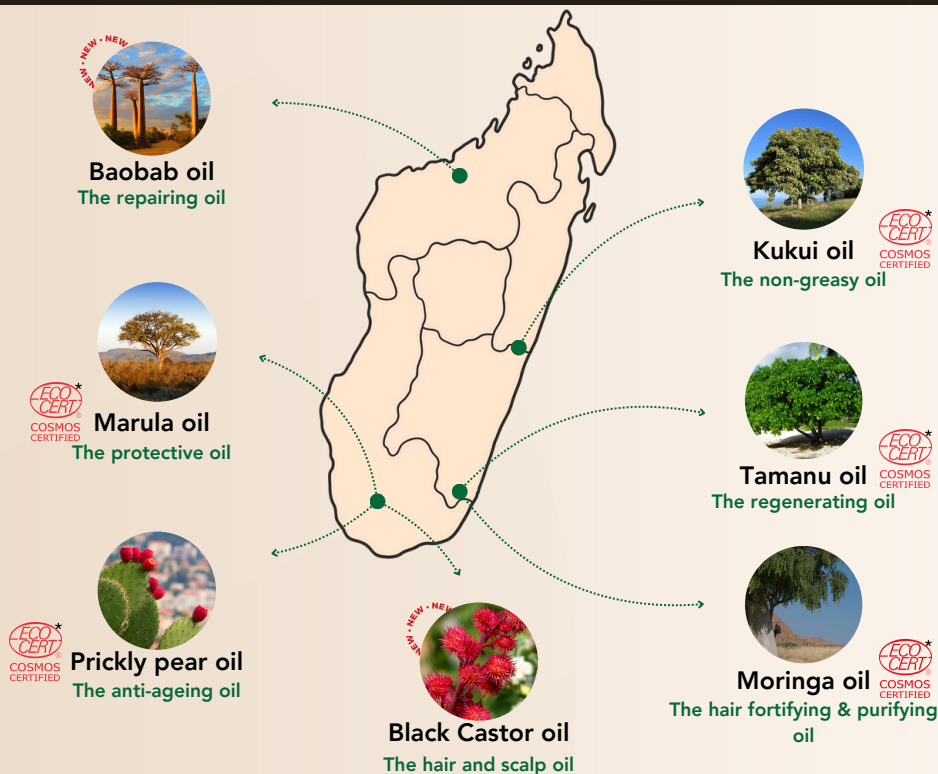

(*) See Renala RSE report at <https://renalanatural.com/wp-content/uploads/2024/09/Rapport-RSE-Renala.pdf>

These virgin vegetable oils are produced by **cold pressing** the seeds manually harvested by local communities.

This process is fully compliant with **International quality standards** (ISO 9001, GMP).

(*) Certified by Ecocert Greenlife according to COSMOS Standard available at <https://COSMOS.ecocert.com>

THE REGENERATING OIL

TAMANU OIL

INCI: CALOPHYLLUM INOPHYLLUM SEED OIL

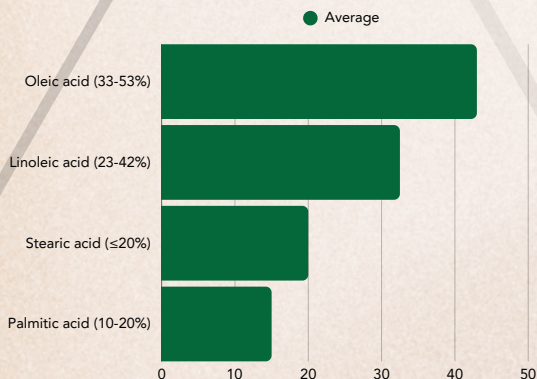

REGENERATING - SOOTHING - NOURISHING - ANTIOXIDANT

Tamanu seeds are hand harvested by women in **Ambinany, South-Eastern Madagascar**, far from the capital (700km). These residents have no access to electricity, their main source of income is fishing.

Before 2016, Tamanu trees were not exploited because they were not consumable. Renala has taught the women of the village how to gather the Tamanu's seeds, which became an **additional source of income**.

Chemical composition:

(*) Certified by Ecocert Greenlife according to COSMOS Standard available at <https://COSMOS.ecocert.com>
